

Messengers: Micah

The people thought they were fine,
like there was **NO** problem and they
DIDN'T want to hear Micah's message

It was the responsibility
of the leaders to properly instruct,
these leaders rejected BOTH
God and His messenger

God was the One who
put these leaders into their positions
and they had the sheer audacity
to rebel against Him

Micah: Covenant Rejected: Leaders Led Astray

Micah 3:1-4

“Hear Now” = calls for the leaders
FULL attention (listen up)

These leaders, who were to act as judges, were now crying out, they were making an appeal to a Judge, legally speaking, for help in their case

Micah 3:5-12

Because of the religious leaders'
intentional influence
and ignorant instruction,
God's people
wandered wayward

The leaders in Israel and Judah
had deceived themselves into thinking
that because they were
Abraham's descendants
that they were okay
