

# SIGNS & WONDERS

This man had tremendous  
**power and wealth**  
but none of that could help or heal  
his sick and dying son

This encounter of grace takes place in  
the **SAME location**— Jesus is back  
**AGAIN** visiting the village of Cana

John 20:30-31

John 2:23

This **nobleman** travels an estimated  
16 to 20 miles to visit Jesus  
(This shows the royal official's  
**deep desperation**)

Jesus completely heals this boy  
from afar - Jesus has power  
over distance, He doesn't need  
to physically be there to heal

# HEALING THE ROYAL OFFICIAL'S SON

**John 4:46**

**John 4:47**

Notice the progression on display  
regarding the royal official —

he **heard** ...

he **acted** ...

and he **implored**

This royal official was **looking** and  
**listening**, which led to him launching off  
in action and this action was done  
in a **loop**

John 4:48

Jesus is rebuking the hardness of  
people's hearts, who refused to  
believe in **Jesus as the Messiah**  
despite seeing His first signs

John 20:29

**ONLY AFTER** Thomas was able  
to put his fingers into the nail holes  
of Jesus' wrists and the gash in  
Jesus' side did he believe

Jesus desires **hearts to believe** in Him  
and what Jesus did in these sign miracles  
was to remove **any doubt** to Who He is

John 4:49

The **hope of the Gospel** transcends  
culture, age, gender, race, language,  
historical time periods, etc

John 4:50a

There was NO **tangible proof** - there was  
NO assurance OR text message which  
confirmed what Jesus said

John 4:50b-53

Somewhere along the 16 to 20 mile trek  
home the **royal official** is met by one  
of his **slaves** with news from home

John 4:54

When you encounter **God's** grace  
extended through Jesus-  
How do you respond?
